

**SECONDARY V – ADVANCED BIOLOGY
COURSE OUTLINE**

Teacher: Miss Thomson

Email: **cthomson03@lbpearson.ca**

Course website: **thomsonmachigh.weebly.com**

REMINDERS: Text **@bio11mac to the number (450) 805-0022** to receive class updates from a reminder website (projects, test dates, etc.)

Course Topics

Below are some examples of topics we will be covering this year. However, topics will be subject to class discussion. As this is an option course, students will have input on areas they would like to pursue further.

Examples: Bioethics, Marine Biology, GMOs, Genetics, Cloning

Materials Needed

- 1 notebook (150-200pgs)
- Binder (1 inch)
- Pencil, eraser, highlighter
- OTHER: We will have a series of projects throughout the year where other materials will be required (ex: a Bristol board, a t-shirt, etc.) and due notice will be given for this.

Evaluation and Criteria

Each term, evaluation will reflect the two levels of competencies:

- 1- Practical Application (40%) Based on labs and projects
- 2- Scientific Theory (60%) Based on assignments, quizzes and tests

***** All students must complete a Science Fair Project (due in December)**

I have read and understood this information.
